

Nature Meets Innovation
for Climate Resilience

ANNOUNCEMENT – Call for Interested Parties

Reference: Med-IREN_B_INT_01_2026_ISISE

Call for Interested Parties – Project: “Med-IREN – Mediterranean critical Infrastructure Resilience Engineering with Nature-based solutions”

As part of the implementation of the R&D project “**Med-IREN – Mediterranean critical Infrastructure Resilience Engineering with Nature-based solutions**”, Project number 101157707, funded by the European Union through the European Climate, Infrastructure and Environment Executive Agency (CINEA), it is planned to hire **one (1) doctoral researcher** to carry out activities in the area of Civil Engineering, specifically related to digital twins for the management of critical infrastructure subject to climate change with and without nature-based solutions for their resilience and sustainability.

Under Article 6 of the University of Minho's Career, Recruitment, Hiring and Performance Assessment Regulations for Research Staff under Private Law, the figure of guest researcher under private law will be used. This advertisement invites interested parties to submit their expressions of interest by sending a letter of motivation and a CV to jmatos@civil.uminho.pt, indicating the reference in the subject line, by 31/03/2026.
