

ANNOUNCEMENT – Call for Interested Parties

Reference: Med-IREN_B_INT_02_2026_ISISE

Call for Interested Parties - Project “Med-IREN – Mediterranean critical Infrastructure Resilience Engineering with Nature-based solutions”

As part of the implementation of the R&D project “**Med-IREN – Mediterranean critical Infrastructure Resilience Engineering with Nature-based solutions**”, with the reference 101157707, funded by the European Union through the European Climate, Infrastructure and Environment Executive Agency (CINEA), it is planned to hire one (1) **doctoral researcher** to carry out activities in the area of Civil Engineering, specifically related to the assessment of the vulnerability, climate risk, and resilience of critical infrastructure incorporating nature-based solutions, considering infrastructure interdependencies and the physical, ecological, social, and human dimensions of vulnerability.

Under Article 6 of the University of Minho's Career, Recruitment, Hiring and Performance Assessment Regulations for Research Staff under Private Law, the figure of guest researcher under private law will be used. This advertisement invites interested parties to submit their expressions of interest by sending a letter of motivation and a CV to jmatos@civil.uminho.pt, indicating the advertisement reference in the subject line, by 17/08/2026.
